EDUCATION

Nazarbayev University
BSc in Computer Science

Nur-Sultan, Kazakhstan
August 2019 – June 2023

PROJECTS

VA | *Firestore, Redux, React, Redux*
Personal Project, Timetable App

May 2020 – August 2021
bit.ly/3zDWi7l

- Provided **3000 of students** with a pleasant Drag-n-Drop schedule building experience using **React** and **React DnD**
- Employed **Redux** for local state management and caching and **Firestore** for some persistence and processing

VA 2.0 | *Django (DRF), React, Redux*
Personal Project, Timetable App, WIP

May 2022 – Present
bit.ly/3Hqkdcz

- Implemented a **REST API** powered by **Django, Django REST Framework**, and **PostgreSQL**
- Currently rewriting the front end part of the app in **TypeScript**

Bevy | *Rust*
Open Source Game Engine

February 2022 – Present
bit.ly/390JLEa

- Contributed a number of valuable **bug fixes** affecting the engine's camera system
- Actively participated in testing, code reviews, and technical discussions

bookshelf | *Rust*
Personal Project, Book Organizer, WIP

October 2021 – Present
bit.ly/3Od8KPY

- Currently working on a simple document organizer with bibliographies, CLI and TUI in mind

EXPERIENCE

Frontend Developer
Kilanka GmbH

Aug. 2022 – Sep. 2022
Freelance

- Developed new React components as a part of the internal system redesign

iOS App Translator
Class Timetable LLC

Sep. 2017 – Sep. 2019
